

Dear Ms Carroll

The ACIP Interim Report has been sent to me. Having practised for many years as a lawyer in IP matters and now having moved into mediation and arbitration, I have had experience mediating patent cases, including a major one for WIPO. I fully endorse the comments in the Interim Report on the utility of the WIPO Centre and on the benefits of providing opportunities to patentees to obtain quicker and cheaper resolution through ADR processes.

I fully support all the proposals in the Interim Report.

Kind regards

Alan L Limbury
